

Stakeholder Summary

Sales & Profit Dashboard

The dashboard provides an overview of sales, profit, units sold, and COGS across different countries, products, and customer segments. The dataset contains 700 records.

- Total sales are approximately **\$118.73 million**.
- Total profit is approximately **\$16.89 million**.
- **Paseo** has the highest sales among the products.
- The **United States of America** has the highest total sales among the countries.
- The **Government** segment contributes the highest total profit.
- The dashboard allows stakeholders to filter results by **Year, Country, Segment, and Product**.

Stakeholder takeaway: The dashboard helps stakeholders quickly understand sales and profitability patterns and compare performance across products, countries, and customer segments.
